REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

The faculty and staff of Forest Heights Elementary School continues to focus on providing a quality education and a positive school environment for all students. We proudly celebrated making Adequate Yearly Progress (AYP) this school year. Our students have participated in many enrichment activities by partnering with the community through the utilization of the school's modified calendar. The District's Literacy Initiative provided a focus to support, enhance, and extend instruction.

Standardized test data indicated a continued need to focus on the development of core skills. The staff received professional development on the incorporation of running records and the use of Dominie information to better provide ELA instruction. Teachers used the Balanced Literacy Framework for daily instruction. Continued use of the SIPPS (Systematic Instruction in Phoneme Awareness, Phonics, and Sight Words) program as an intervention was offered to assist students who had difficulty with reading. The SIPPS program helps students with the prerequisites for developing reading fluency and comprehension.

The District funded Reading Teacher provided small group instruction for anxious readers and served as an internal support for reading related topics. Initial training was provided for the Empowering Writers process that will be used to support student writing skills. Target Teach lessons continued to be infused into math and ELA lessons. These lessons helped to support differentiation within the classroom. Our teachers are continuing to grow in their use of MAP data as a diagnostic tool to provide targeted instruction. An increased emphasis was placed upon using data to support instruction. Forest Heights Elementary continued to incorporate flexible grouping based upon MAP data throughout the school to assist students experiencing difficulty with identified skills. Inquiry based learning was supported through professional development presented by NASA specialists.

Forest Heights was aligned with the District's Literacy focus. Students nearly tripled the amount of Accelerated Reader (AR) points earned compared to the previous school year. Literacy Night was held to celebrate our commitment to reading. Books were given to students to take home and sessions were held to assist parents in working with their children.

Our commitment to community outreach has not wavered. Daytime sessions for K-2 Literacy, Test Taking Skills, and Parent Economics were held to help empower our parents. Harvest Hope Food Bank has partnered with the school to send backpacks of food for families in need on a weekly basis. Forest Heights has been fortunate that our faith-based partners have continued to support the school in many ways. The Nehemiah Project partnered with the school to furnish computers to families that did not have access to computers. Forest Heights also collaborated with the University of South Carolina's SHAPES program regarding healthy living.

The faculty and staff at Forest Heights will continue to do our "Personal Best, Everyday, Everyway."
